Important: Please check your preferred, mode of internet connection to enable us install the appropriate hardware on your computer.

() Ethernet card - for DSL internet connection

() PCI Modem - for Dialup internet connection

CFH does not charge a fee for the computer hardware. However, the computers we give away do not come furnished with an operating system, so we must purchase an operating system for each computer. As an Authorized Refurbisher, we are able to legally install Microsoft Operating Systems and Microsoft Works Suite. There is a **minimal fee per computer to offset the cost of software installation and must be sent upon application approval.**

Due to the large volume of requests, we cannot respond to phone requests for information. Only approved applications will be notified by mail as to date, location and time of computer distribution. Recipients can arrange in advance of the distribution date for someone else to pick up the computer equipment; the person must provide proper ID at the time of the distribution. **Note: Computers must be picked up on the scheduled date and time indicated on the approval letter, otherwise you must re-apply.** Applicant information must be verified and qualification to participate in our program must be approved before computers are given away.

CompuTech for Humanity is not responsible for the installation, repairing or otherwise maintaining this computer equipment. Recipients are responsible for furnishing desk, power strip, telephone cord and installation of the computer.

All computers given away are refurbished and will be at least: IBM compatible, Pentium 3 or higher, 64MB of RAM or greater, Windows 2000 Pro. or later, and Microsoft Works Suite, CD-ROM drive, Internal modem or Ethernet card, 15"+ monitor.
